

Why HAYES?

- Approvals tell the story - Quality Driven
- Certified Heat Treating, Annealing, Brazing
- Service Oriented
- Well-trained Experienced Personnel
- Commitment to our customers heat treating needs

At Hayes we incorporate the latest quality principles in all aspects of the company.

Our approvals tell the heat treating story, however that is just one area we focus on. Using our quality driven system, we bring customer service, production planning and maintenance into the total quality package.

This commitment to quality insures that your parts are heat treated correctly and that your relationship with Hayes Heat Treating gives you a sense of satisfaction when you receive your parts.

Your satisfaction is what drives Hayes.

HAYES HEAT TREATING –
Quality driven throughout the company and in business.

Solutions Driven...
